

## Joy N.

Although I was born, raised and attended college in Toledo, Ohio, I've been at home in the Chicago area since 1968. A short stint teaching 1st grade in Evanston was followed by raising 2 girls, substitute teaching and then teaching & directing at a cooperative nursery school and 19 years in charge of the office of a 2 doctor holistic healthcare practice. I discovered social dancing late in life but I say "better late than never!" It brings me great joy, wonderful people into my life and led to my meeting my dance and life partner. So many good reasons to dance! I especially enjoy English Country Dance, Scottish Country Dance and of course Square Dancing. I also greatly enjoy retirement!
